- Decalcification reminder

Highlights

Customize coffee
With Saeco you can select your preferred coffee length and ground coffee quantity

Auto coffee circuit cleaning

This feature makes sure that each and every coffee is as fresh as possible: Before going into and when returning from stand-by mode, the machine automatically cleans its coffee circuit.

Automatic shut-off after 30m
Automatic shut-off after 30 minutes

Ceramic grinders

These high-tech grinders beat the competition's steel grinders on many levels: always perfectly Italian taste because of consistently accurate grinding without overheating, supreme longevity, super-silent operation.

Decalcification reminder

Ergonomic day-by-day

Philips-Saeco is a synonym for convenience: refilling beans or water, emptying the coffee-dump box or the drip tray, all compartments are directly accessible.

Espresso and long coffe

Whether you want to enjoy a an espresso or a long coffee - your favorites are accessible with a touch of a button

Pre-brewing system

Pre-brewing for even more enjoyment. Thanks to the Saeco Pre-brewing Technology, the coffee grounds are moistened before the actual brewing process – ensuring that the aroma can unfold even better.

Removable brewing group

The brewing group is at the heart of every fully automatic coffee machine and it should always be kept clean. A task that doesn't get any more convenient than with a Saeco: remove, rinse and re-insert – finished.
